
EDUCATION

Vanderbilt University School of Medicine-Doctor of Medicine, May 1992.

University College Hospital, London, England-one month of training in autopsy pathology and immunocytochemical techniques, May 1990.

The Johns Hopkins University-Bachelor of Arts, Natural Sciences Major, May 1988.

TRAINING

Fellow in Forensic Pathology, Office of the Chief Medical Examiner, State of Maryland, July 1, 1996-June 30, 1997 (John E. Smialek, M.D., Chief Medical Examiner).

Senior Clinical Fellow in Surgical Pathology, Johns Hopkins Hospital, July 1, 1995-June 30, 1996 (Frederic B. Askin, M.D., Preceptor; Fred Sanfilippo, M.D., Ph.D., Chairman).

Resident in Anatomic Pathology, Medical University of South Carolina, July 1, 1992- June 30, 1995 (A. Julian Garvin, M.D., Ph.D., Chairman).

MILITARY SERVICE

Major, USAF Medical Corps, 59th Medical Wing, Wilford Hall Medical Center, Lackland Air Force Base, Texas, Staff Pathologist and Regional Medical Examiner, August 1997-July 2001, Honorable discharge, Meritorious Service Medal.

PROFESSIONAL EXPERIENCE

Associate Medical Director, University of Miami Tissue Bank, May 2011-the present. Consultant Medical Examiner, U.S. Virgin Islands, September 2010-March 2011.

Associate Medical Examiner, District 19, Florida, December 2011-the present.

Deputy Chief Medical Examiner, District 17, Broward County, FL, January 2007-May 2011. Associate Medical Examiner (secondary), Monroe County, FL, 2009-the present.

Chair, Department of Pathology, McKee Medical Center, May 2004-August 2006. Coroner/Medical Examiner, Weld County, CO, January 2003-December 2006.

Vice-Chair, Department of Pathology, McKee Medical Center, July 2001-May 2004. Partner, Colorado Pathology Associates, Loveland CO, July 2001-December 2006. Deputy Coroner/Medical Examiner, Larimer County, CO, December 2000-December 2006.

Medical Examiner, Nueces County Forensic Sciences Center, Corpus Christi, Texas September 1999-December 2000.

Deputy Medical Examiner, Travis County Forensic Sciences Center, Austin, Texas August 1998-October 1999.

Medical Examiner, Bexar County Forensic Sciences Center, San Antonio, Texas May 1998-December 2000.

Regional Medical Examiner, Office of the Armed Forces Medical Examiner, December 1997- July 2001.

Director of Autopsy Services, Wilford Hall Medical Center, August 1997-July 2001. Staff Pathologist, Wilford Hall Medical Center, August 1997-July 2001.

Surgical Pathology faculty, the Johns Hopkins Hospital, July 1997.

Associate Pathologist, Office of the Chief Medical Examiner, State of Maryland, July 1996- June 1997.

Deputy Medical Examiner, Charleston County, South Carolina, October 1992-June 1995.

LICENSURE/ACCREDITATION

Diplomate, American Board of Pathology, Anatomic and Forensic Pathology, September 1997. Florida medical license: ME97510.

Active

Colorado medical license: 38283. Active

Wyoming medical license: 6508A (voluntarily relinquished December 2006).

HONORS AND AWARDS

Appointed to Colorado Coroners Standards and Training Board by Governor Bill Owens. February 2006-December 2006.

Letter of Commendation, Larimer County Sheriff's Office, February 2002. Distinguished Graduate, Aerospace Medicine

Primary Course, USAFSAM, May 1998.

Stowell-Orbison Award, Certificate of Merit, United States and Canadian Academy of Pathology, March 1996. for —Immunohistochemical staining for Ki-67 antigen, p53 protein, and CEA in the differential diagnosis of adenoma malignum of the cervix. II

Recipient of Golden Apple Special Recognition Award (highest faculty appreciation award at Medical University of South Carolina; only resident honored) from Medical University of South Carolina's Class of 1997.

Nominated for Golden Apple (highest faculty teaching award at Medical University of South Carolina; only resident nominated) by Medical University of South Carolina's Class of 1996.

Recipient of Faculty Appreciation Award, Medical University of South Carolina (outstanding faculty teaching award voted upon by the medical students; only resident honored) from Medical University of South Carolina's Class of 1996.

Young Investigator Award, 8th Annual Meeting of the Society of Clinical Cytometrists, September 1993, for —Flow cytometric evaluation of DNA degradation: A reliable predictor of postmortem interval? II Outstanding Officer, USAF Officer

Indoctrination Course- July 1988.

U.S. Air Force Health Professions Scholarship winner (merit based). AED Pre-Medical Honor Society,

The Johns Hopkins University.

Beneficial-Hodsen Scholarship recipient (merit based), the Johns Hopkins University.

PROFESSIONAL SOCIETY MEMBERSHIPS

International Association of Coroners and Medical Examiners (2010-the present) Florida Society of Pathologists (2008-the present).

Broward County Medical Association (2007-the present). Florida Association of Forensic Professionals (2007-2010). Florida Medical Association (2006-the present).

Florida Association of Medical Examiners (2007-the present). National Association of Medical Examiners (1993-the present). American Academy of Forensic Sciences (1993-the present). College of American Pathologists (1992-the present).

Colorado Medical Association (2001-2006). Larimer County Medical Association (2001-2006).

Colorado Society of Clinical Pathologists (2001- 2006). International Society of Urological Pathologists (2000- the present). Arthur Purdy Stout Society (2002- the present).

United States and Canadian Academy of Pathology (1994- 2006). American Society of Clinical Pathologists (1992-1998 and 2001-2004). San Antonio Society of Pathologists (1997-2001).

PROFESSIONAL ACTIVITIES

Vice-chair, Medical Review Board, University of Miami Tissue Bank, May 2011-the present.

External Advisor, Tissue Transplant and Procurement Committee, federal Strategic Working Group for Medicolegal Death Investigation (SWGMDI), March 2011-the present.

Editorial Board, Academic Forensic Pathology, January 2011-the present. NAME Structure and Organization Committee, January 2010-December 2010.

Chair, Anatomic Pathology Cluster, Council on Scientific Affairs, CAP, January 2010-the present. Council on Scientific Affairs, CAP, January 2010-the present.

NAME Ad Hoc Committee on SAM and MOC, September 2009-the present. President, Florida Association of Medical Examiners, August 2009-June 2011. CAP Advocacy School, Washington D.C., May 2009.

Spokesperson for Forensic Issues, College of American Pathologists, January 2009-the present. CAP representative to CFSD

Roundtable Discussions, Washington DC, March 2009-the present.

Chair, CAP Forensic Pathology Committee, January 2009-the present.

NAME Ad Hoc Committee on Organ and Tissue Retention, January 2009-December 2010.

Consultant, United States Department of Justice, Public Safety Officers Benefits Program, January 2008-the present.

Vice-chair, College of American Pathologists, Forensic Pathology Committee, January 2008-December 2008. CAP representative to Virtopsy Conference, Bern, Switzerland – March 2008.

Co-editor, Forensic Pathology Section, eMedicine on-line medical encyclopedia, January 2008 - the present.

Board of Directors of CEME, Nova Southeastern University College of Osteopathic Medicine, January 2007- May 2011.

NAME Ad Hoc Committee for Membership Categories, January 2007-December 2008. NAME Subcommittee on Forensic Pathology Fellowship Training, January 2007-May 2011. Broward County Child Fatality Review Committee, January 2007-February 2008.

Director of ADA Fellowship Training, Broward County Medical Examiners Office, January 2007-May 2011.

Ad Hoc Committee for Evaluation and Staffing of the NAME Home Office, January 2007-December 2009.

Vice Chair, NAME Foundation Board of Trustees, October 2006-the present. Member, NAME Foundation Board of Trustees, October 2006-the present. Chair, CAP Foundation Nominating Committee, February 2006- December 2006.

College of American Pathologists, Forensic Pathology Committee, January 2007-the present. College of American Pathologists, Autopsy Committee, January 2006-December 2006.

Board of Directors, CAP Foundation, April 2005- December 2006.

National Association of Medical Examiners, Standards Committee, March 2003-December 2004.

Educational Program Chair, Colorado Society of Clinical Pathologists, July 2004-July 2005.

National Association of Medical Examiners, Strategic Planning Committee, January 2004-December 2005.

National Association of Medical Examiners, Membership and Credentials Committee, August 2003-December 2004.

Surgery QI Committee, McKee Medical Center, August 2001-December 2005. Cancer Committee, McKee Medical Center, August 2001-October 2006.

Tumor Board, McKee Medical Center, August 2001- December 2006.

Medical Executive Committee, McKee Medical Center, August 2001-September 2005. Delegate for Colorado to CAP House of Delegates, July 2001- October 2004.

National Association of Medical Examiners, Subcommittee on NAME Best Resident

Paper, October 1996-December 2006.

National Association of Medical Examiners, Subcommittee for Forensic Pathology Training, November 1998-December 2005.

National Association of Medical Examiners, Subcommittee for NAME News, February 2001- December 2004.

Board of Directors, National Association of Medical Examiners, October 1998-December 2004.

Board of Editors, American Journal of Forensic Medicine and Pathology, April 1998-December 2009.

College of American Pathologists, Forensic Pathology Committee, January 1998- December 2004.

Editor, NAME News, February 2001-December 2003.

Reviewer, The Forensic Panel Letter, October 2000-January 2001.

Reviewer, Practical Reviews in Forensic Medicine and Science, January 2000-December 2000. President, San Antonio Society of Pathologists, May 1999-May 2000.

Chair, National Association of Medical Examiners Ad-Hoc Committee on Policies and Procedures Manual, March 1999-October 2000.

National Association of Medical Examiners Ad-Hoc Committee on Assistance to NAME Membership, January 1999-December 2003.

Prostate Cancer Prevention Trial (PCPT) Steering Committee, 1997-February 2000.

Paleopathology consultant with National Geographic team examining —The Peruvian PrincessII (500 year old mummy), Johns Hopkins Hospital, May 1996.

Vice-Chair, College of American Pathologists Residents' Forum, April 1994-April 1995.

College of American Pathologists Residents' Forum Education Committee, October 1993-June 1996 (Chairman, April 1994-April 1995).

College of American Pathologists Ad Hoc Committee on Public Affairs, December 1994.

College of American Pathologists Residents' Forum Recruitment and Retention Committee, November 1993-October 1994.

Representative for South Carolina, College of American Pathologists Residents' Forum, September 1993-April 1994.

FACULTY APPOINTMENTS

Clinical Professor, Division of Pathology, Nova Southeastern University College of Osteopathic Medicine, July 2007-the present.

Voluntary Professor of Pathology, University of Miami Miller School of Medicine, April 2010-May 2011.

Voluntary Associate Professor of Pathology, University of Miami Miller School of Medicine, November 2009-April 2010.

Visiting Professor, College America, November 2004- December 2006.

Visiting Associate Clinical Professor of Pathology, University of Colorado Health Sciences Center, May 2002- December 2006.

Lecturer in Pathology, Johns Hopkins University School of Medicine, July 1996-June 1997.

COMMUNITY ACTIVITY/EDUCATION

Invited Lecturer, Westminster Christian School, Introduction to Forensic Pathology, April 2012. Invited Lecturer, Coral Gables Senior High School, DUI Prevention class, March 2012.

Invited Lecturer, Coral Gables Senior High School Pro-Chat Program, January 2012.

Invited Lecturer. —Management of High Profile Fatalities, II The Johns Hopkins University Alumni Association, September 2011.

Invited Lecturer. —The Role of the Forensic Pathologist in the Criminal Justice System II, Criminal Justice class, Broward Community College with Judge Joel Lazarus, May and September 2011.

Invited Lecturer. —The Party's Over II, DUI Prevention class, Coral Gables High School, March 2011. DUI lectures, Broward County Youth Offenders program, March 2008-February 2011.

Invited Lecturer. —Forensic case studies II, Criminal Justice class, Broward Community College, February 2011.

Invited Lecturer. —Forensic Pathology for Attorneys II, Office of Regional Counsel, Fort Lauderdale, January 2011.

Invited Lecturer. —Homicide or not? II Criminal Justice class, Broward Community College, September 2010.

Invited Lecturer. —Deathstyles of the Rich and Famous II Broward General emergency Medicine, Department Grand Rounds, June 2010.

Invited Lecturer, Coral Gables Senior High School, DUI/Prom Prevention Program, March 2010.

Invited Lecturer. —Introduction to Forensic Pathology, II 2009 Summer Health Careers Camp, Nova Southeastern University, June 2009.

Invited Lecturer. —Introduction to Forensic Pathology, II Broward County Public Defenders, Office, June 2009.

Invited Lecturer. —The Myths of CSI, II Newcomer's Club, Plantation FL, April 2009.

Invited Lecturer. —Introduction to Forensic Sciences, II Northeastern High School, April 2009.

Invited Lecturer. —The Myths of CSI, II The Johns Hopkins University Alumni Association, November 2008.

Invited Lecturer. —Blunt and Sharp Force Injuries, II North Broward Medical Center, July 2008. Invited Lecturer. —Tales from the Crypt, II Broward General Medical Center, May 2008.

Invited Lecturer. —The Horrors of CSI, II Memorial Regional Medical Center, May 2008. Invited Lecturer, University School DUI/Prom Prevention Program, April 2008.

Invited Lecturer, Trauma Grand Rounds, Broward General Medical Center, April 2008.

Invited Lecturer, Emergency Department Grand Rounds, Broward General Medical Center, November 2007.

Invited Lecturer, Trauma Grand Rounds, Hollywood Memorial Hospital, September 2007.

Annual —First there-First Care II Conference, May 2007. —10 Ways not to Upset the Medical Examiner. II Archbishop McCarthy High School, April 2007, Prom Promise II Alcohol Awareness lecture.

Cancer Survivor group, McKee Medical Center, September 2006. —The Pathologist and Cancer. II

University of Northern Colorado, Basic Forensic Pathology for Law Enforcement and Death Investigators course, August 2006, —Sharp vs. Blunt Force Injuries. II

PARTY Program for high school students, McKee Medical Center, October 2001-May 2006. Estes Park Medical Center, May 2006, —Cooperation with the Coroner's Office. II

McKee Medical Center, —Man-to-Man II Prostate Cancer Support group, May 2006. —Prostate Cancer. II

Banner NCMC Monthly Trauma Services meeting, November 2005. —Differential Diagnosis in Forensic Medicine-Part I (Cases 1-3). II

Banner Regional Laboratory Directors meeting, November 2005. —The Lincoln-Booth Debate. II

Banner Health System Regional Emergency Department staff, February 2005. —Forensic Evidence Collection in the Emergency Department. II

Thompson Valley EMS, December 2004. —Preservation of Forensic Evidence. II

6th Annual Banner Total Trauma Care Conference, August 2004. —Differential Diagnosis in Forensic Medicine. II

McKee Medical Center, —Man-to-Man II Prostate Cancer Support group, March 2004. —Prostate Cancer. II

Colorado State Patrol, Weld County, CO, December 2002. —Traffic Fatalities. II

Area Defense Council Meeting, San Antonio, TX, October, 1999. —The Forensic Expert. II

Roper Hospital, Charleston, SC, laboratory technicians continuing medical education conference, "Topics in Forensic Medicine", February 1994.

ACADEMIC SPEAKING ENGAGEMENTS

Invited Lecturer. —Deathstyles of the Rich and Famous. II Georgia Health Sciences University Annual Coroners Symposium, January 2012.

Invited Lecturer. —The Myths of CSI. II Georgia Health Sciences University Annual Coroners Symposium, January 2012.

Invited Lecturer. —Good Witness, Bad Witness: Pitfalls in Expert Testimony. II College of American Pathologists CAP '11 annual meeting, Dallas, Texas, September 2011.

Invited Lecturer. —Management of High Profile Fatalities II, ABMDI Master's Course, July 2011.

Invited Lecturer. —Forensic Histology II, Florida Association of Medical Examiners annual meeting, June 2011.

Invited Lecturer. —Time of Death and Postmortem Changes II, International Association of Coroners and Medical Examiners annual meeting, June 2011.

Invited Lecturer. NALI annual meeting. —The Myths of CSI II and practicum, February 2011. Invited Lecturer. —Time of Death II,

Colorado New Coroner Institute, December 2010.

Invited Lecturer. —Identification of Remains II, Colorado New Coroner Institute, December 2010.

Invited Lecturer. —Management of High Profile Fatalities II, Colorado New Coroner Institute, December 2010.

Invited Lecturer. —Deathstyles of the Rich and Famous, II University of Miami Miller School of Medicine, Pathology Department Grand Rounds, October 2009.

Invited Lecturer. —Guidelines to High Profile Fatality Investigation, II Florida Association of Medical Examiners Annual Meeting, Sarasota, FL, August 2009.

Invited Lecturer. —Forensic Histology, II New England Seminar in Forensic Sciences, Maine, August 2009.

Invited Lecturer. —The Myths of CSI, II New England Seminar in Forensic Sciences, Maine, August 2009.

Invited Lecturer. —Deathstyles of the Rich and Famous, II Maine Medicolegal Society Dinner, August 2009. Invited Lecturer. —The Myths of CSI, II 34th Annual Spring Seminar, Broward County Chapter of American Association of Critical Care Nurses, April 2009.

Invited Lecturer. Death Certification and Introduction to the Forensic Autopsy, Nova Southeastern School of Osteopathic Medicine, January 2009.

Invited Lecturer. —Postmortem Changes and Time of Death, II *Forensic Sciences: Then and Now Symposium*, Nova Southeastern University College of Dentistry, November 2008.

Invited Lecturer. —The Myths of CSI, II *Forensic Sciences: Then and Now Symposium*, Nova Southeastern University College of Dentistry, November 2008.

Invited Lecturer. —Mock Trial, II *Forensic Sciences: Then and Now Symposium*, Nova Southeastern University College of Dentistry, November 2008.

Invited Lecturer. Death Certification and Introduction to the Forensic Autopsy, Nova Southeastern School of Osteopathic Medicine, January 2008.

College of American Pathologists CAP '07 national meeting, October 2007. —Blunt and Sharp Force Injuries. II

Colorado Coroner Training and Statute—New Coroner Institute II, December 2006. —Time of Death and Postmortem Changes. II

Colorado Coroner Training and Statute—New Coroner Institute II, December 2006. —Death Certification. II

1994 M.U.S.C. Forensic Pathology Seminar, Charleston, SC - "Cutting and Stabbing Injuries. II

—Medical Jurisprudence II course, University of South Carolina School of Law, "Topics in Forensic Medicine", October 1993-November
1994.

TEACHING

Topics in Forensic Pathology, University of Miami Miller School of Medicine Pathology Residency Program, April 2011-the present.

—Death certification II, Nova Southeastern University College of Osteopathic Medicine 2nd year Class, Pathology course, January 2008-
January 2012.

Morgue practicum, Nova Southeastern University College of Osteopathic Medicine 2nd year Class, Pathology course, January
2008-April 2011.

Autopsy hands-on demonstrations, various groups visiting BMED, January 2007-April 2011. Broward County Medical Examiner Forensic
lecture series, March 2007-May 2011.

Pathology Seminar leader, medical school pathology course, UCHSC, May 2002-May 2006. Genitourinary conference, monthly, Wilford
Hall Medical Center, July 1998-May 2001.

—Morgue Rounds II, bimonthly conference, Wilford Hall Medical Center, September 1997-May 2001.

—Topics in Forensic Pathology II, 5:15 lecture series, Department of Pathology,
Johns Hopkins University School of Medicine, monthly from September 1995-July 1997.

Instructor in General Pathology Course, Johns Hopkins University School of Medicine, September 1995.

Annual lectures on —Cutting and Stabbing Injuries II and —Identification of Human Remains II Forensic Pathology elective, M.U.S.C. School of Medicine, 1993-
1994.

Pathology laboratory instructor and seminar leader, MUSC School of Medicine, 1992-1995.

RESEARCH INTERESTS

Postmortem histology, time of death and postmortem changes, epidemiology, death certification.

GRANTS AWARDED

USDOJ, 2010 NFSIA Coverdell grant, \$5500, April 2010. USDOJ, 2009 NFSIA Coverdell
grant, \$4234, November 2009.

USDOJ, 2009 NFSIA Coverdell grant, Digital Radiology Project, \$124,500, October 2009.

PAPERS/POSTERS PRESENTED

National Association of Medical Examiners meeting, Alaska, August 2011—Controversies in Forensic Pathology. II

National Association of Medical Examiners meeting, San Francisco, CA, September 2009—Morselization by woodchipper. II

National Association of Medical Examiners meeting, Louisville, KY, September 2008—The accuracy of death certificate completion in a suburban community II—a poster with R Cambridge.

National Association of Medical Examiners meeting, Louisville, KY, September 2008—Algor mortis: An erroneous measurement following postmortem refrigeration II—a paper with K Wardak.

National Association of Medical Examiners meeting, Louisville, KY, September 2008—Errors on death certificates requiring amendments: The Broward County Experience II—a paper with D Fischtein.

National Association of Medical Examiners meeting, Louisville, KY, September 2008—Drug toxicity and urinary bladder retention II—a paper with D White.

National Association of Medical Examiners meeting, Savannah, GA, October 2007—Health in the Workplace: Survey and Summary II—a paper with R Hanzlick.

National Association of Medical Examiners meeting, Savannah, GA, October 2007—Is Lymphocytic Thyroiditis Associated with Suicide II—a poster.

United States and Canadian Academy of Pathology meeting, Atlanta GA, March 2001—Revisiting the Utility and Usefulness of Dual Staining II—a poster with C Bee.

American Academy of Forensic Sciences, Seattle, WA, February 2001—Evaluating the Utility of the Triage⁰ Drugs of Abuse Panel in the Autopsy Suite: A Pilot Study II—a poster with B Levy.

College of American Pathologists, San Diego, CA, October 2000—Natural Deaths in Children II— moderator.

National Association of Medical Examiners, Indianapolis, IN, September 2000—Stereolithography: A Potential Tool for the Forensic Pathologist II—a poster.

United States and Canadian Academy of Pathology meeting, New Orleans, LA, March 2000—Correlation of Cystoscopic Impression with the Histologic Diagnosis of Urothelial Biopsies II—a paper.

United States and Canadian Academy of Pathology meeting, New Orleans, LA, March 2000—Evaluating p53 and Ki-67 Expression in Urothelial Biopsies Graded Using the Revised WHO Classification II—a poster.

National Association of Medical Examiners, Minneapolis, MN, October 1999—A Study of Various Morphologic Variables and Troponin I in Pericardial Fluid as Possible Discriminators of Sudden Cardiac Death II—a paper.

National Association of Medical Examiners, Minneapolis, MN, October 1999—Multifactorial Analysis of Firearm Wounds to the Head with Attention to Anatomic Location II—a paper.

American Academy of Forensic Sciences, Orlando, FL, February 1999—Identification of Female Cells in Post-coital Penile Swabs using FISH and PCR: Application in Sexual Assault II—a paper.

Texas Society of Pathologists, Dallas, TX, January 1999—The Role of *Clostridium septicum* in Paraneoplastic Sepsis II—a poster with J Pelletier.

Texas Society of Pathologists, Dallas, TX, January 1999—Postmortem Coronary AngiographyII- a poster with M Smith.

United States and Canadian Academy of Pathology meeting, San Francisco, CA, March 1999—Concentrations of Cardiac Troponin I in Postmortem Body Fluids: A Laboratory Marker for Sudden Cardiac Death?II-a poster with D Brown.

United States and Canadian Academy of Pathology meeting, San Francisco, CA, March 1999—Pathology residents using a Web-based tutorial to improve Gleason grading of prostate carcinoma in needle biopsiesII-a paper with JD Kronz.

National Association of Medical Examiners, Albuquerque, NM, November 1998—Invasive group A streptococcus infection: A reemerging infectious threatII-a poster with Olivere J and Meier P.

National Association of Medical Examiners, Albuquerque, NM, November 1998—Postmortem serum concentrations of cTnl: a laboratory marker for sudden deathII-a paper with Brown DK.

United States and Canadian Academy of Pathology meeting, Orlando, FL, March 1997—Adenocarcinoma of the prostate with atrophic featuresII-a poster.

American Academy of Forensic Sciences, New York, NY, February 1997—Prospects for the utility and usefulness of percutaneous core biopsy of the liver in the investigation of alcohol-related deathsII-a poster.

National Association of Medical Examiners meeting, Traverse City, MI, September 1996—Prospects for the utilization of postmortem cytologyII-a paper.

United States and Canadian Academy of Pathology meeting, Washington DC, March 1996—Immunohistochemical staining for p53 protein, Ki-67 antigen and CEA in the differential diagnosis of adenoma malignum of the cervix—presented at the Stowell-Orbison poster session.

National Association of Medical Examiners meeting, San Diego, CA, October 1995—Primary cardiac tumors causing sudden deathII-a paper.

National Association of Medical Examiners meeting, San Diego, CA, October 1995—Death by self-flagellationII- a paper.

American Academy of Forensic Sciences meeting, Seattle, WA, February 1995—Flow cytometry: A new tool for the forensic pathologistII-a paper (presented by Paul L. Gelven, M.D., Stephen J. Cina, M.D. author).

Ninth Annual Meeting of Clinical Cytometrists, Charleston, SC, September 1994—Dusting for DNA fingerprints: Flow cytometric screening for HMW-DNAII-a poster.

National Association of Medical Examiners meeting, Charleston, SC, September 1994—A history of homicide in CharlestonII-a paper.

American Academy of Forensic Sciences meeting, San Antonio, TX, February 1994—Train-pedestrian accidents: The Charleston experienceII-a paper.

College of American Pathologists meeting, Orlando, FL, October 1993—The diagnosis is clear: Accentuation of nuclear detail and delineation of mitotic figures using DAPIII-a poster.

National Association of Medical Examiners meeting, Fort Worth, TX, September 1993—Fatal ingestion of hydrogen peroxideII-a paper.

Eighth Annual meeting of the Society of Clinical Cytometrists, Charleston, SC, September 1993—Flow cytometric evaluation of DNA degradation: A reliable predictor of postmortem interval?II-a poster.
