

CV#40000754

MD.

Assistant Professor / Consultant of Internal Medicine

□ Personal Information:

- Date and place of birth: March, 7th 1980 in Regueb, Sidi Bouzid, Tunisia
- Marital Status: Married
- Nationality: Tunisian
- Passport Number: F146268
- Phone: + 966

□ Education:

- Primary Studies: 2 Mars 1934 Primary School- Regueb - Sidi Bouzid
- Secondary Studies: Pioneer Secondary School of Gafsa - Gafsa
- High school diploma in Experimental Sciences section, Pioneer Secondary School of Gafsa, Tunisia, 1999 (with honors).

□ Training:

- Five years of medical studies, between 2000 and 2004 at the Faculty of Medicine of Monastir.
- Six training internships periods between 2004 and 2006 in the University Hospital of Monastir.

Period	Internship Department	Hospital	Department Chief
November 2004-February 2005	Infectious Diseases	University Hospital- Monastir	Pr Bouzouia Nouredine
March 2005-June 2005	Orthopedics	University Hospital- Monastir	Pr Abid Abderrazek
July 2005- October 2005	Peadiatrics	University Hospital- Monastir	Pr Guediche Neji
November 2005- February 2006	Psychiatry	University Hospital- Monastir	Pr Gaha Lotfi
March 2006-June 2006	Community Medicine	University Hospital- Monastir	Pr Soltani Med Soussi
July 2006- October 2006	Gynecology / Obstetrics	University Hospital- Monastir	Pr Sakouhi Mohammed

- Admitted to the contest of residency in medicine in 2007

- 8 trainings of Residency in Internal Medicine Specialty:

Period	Residency training department	Hospital	Chief Department
January 2008 – June 2008	Internal Medicine and Infectious Diseases	University Hospital Farhat Hached Sousse	Pr Ltaief Omezzine Amel
July 2008- December 2008	Internal Medicine	University Hospital Charles-Nicolle - Tunis	Pr Khalfallah Narjess
January 2009 – June 2009	Endocrinology and Nutrition diseases	National Institute of Nutrition	Pr Achour Ahmed
July 2009- December 2009	Internal Medicine	University Hospital Charles-Nicolle - Tunis	Pr Khalfallah Narjess
January 2010 - June 2010	Internal Medicine	Military Hospital - Tunis	Pr Othmeni Salah
July 2010- December 2010	Neurology	Military Hospital - Tunis	Pr Mrissa Ridha
January 2011 - June 2011	Internal Medicine	University Hospital La Rabta - Tunis	Pr Houman Mohammed.H
July 2011- December 2011	Internal Medicine	University Hospital La Rabta - Tunis	Pr Houman Mohammed.H

□ Qualifications:

➤ Tunisian National Medical Qualifications :

1. *Doctor of Medicine (MD):*

□ Thesis of Doctorate of Medicine: Topic: Extraglandular manifestations of primary Sjögren's syndrome: about 31 cases

Publicly defended in June, 2nd 2012 (with honors)

□ Member of National Medical Council of Tunisia since June 2012.

2. *Diploma of Specialist in Internal Medicine: November 2012*

3. *Diploma of Professor Assistant in Internal Medicine: July 2012*

➤ International Medical Qualifications :

I am always looking to have more and more certificates from Tunisia and international medical societies:

1. *French Diploma Equivalence in General Medicine: October 2013*

2. *Advanced Life Support (ALS) Provider certificate (European Resuscitation Council): Niel, Belgium: April 2014*

3. *Targeted Immunotherapy in inflammatory and autoimmune diseases: French Inter-University Diploma from Medicine Faculty of Lille – France : June 2014.*

4. *Lung and systemic diseases: French Inter-University Diploma from Medicine Faculty of Lille - France: June 2015.*

5. *Kidney and systemic diseases: French Inter-University Diploma from Medicine Faculty of Bordeaux - France: June 2016.*

Editorial Board Membership of:

➤ *Annals of Rheumatic diseases* : official journal of European League Against Rheumatism : EULAR

➤ *The British Medical Journal (the BMJ)*

➤ *Medicine (Wolters Kluwer): Academic Editor*

➤ *Journal of Internal Medicine (Wiley Online Library)*

➤ *Journal of General Internal Medicine (Springer): Official journal of the Society of General Internal Medicine*

➤ *The International Journal of Clinical Practice (Wiley Online Library)*

➤ *Aging (Albany NY) (by Medline/PubMed), Aging-US (by Web of Sci)*

□ Employment History:

- In October, 18th 2012, I started working in the Department of Internal Medicine of Sidi Bouzid Hospital, institution belonging to Ibn Aljazzar Medicine Faculty of Sousse. I am still in this department to take part of healthcare promotion in this region of Tunisia.
- I am taking the responsibility of Men Unit of our Department, where we admit patients with different diseases especially autoimmune and systemic diseases, diabetes and hypertension and thyroid disorders.
- We are collaborating with colleagues of Women Unit in different decisions.
- I have an outpatient consulting every Thursday where I see patients who needs regular follow-up.
- I am managing a special out-patient consulting for systemic and rare diseases every month where I see specially patients with inflammatory, rheumatic diseases as systemic lupus erythematosus, Sjögren's syndrome, sarcoidosis, Behçet's syndrome and mixed connective tissue diseases...It an opportunity for patients to exchange experience and it is an occasion for me to educate them, to promote high quality healthcare for such difficult diseases.
- We are teaching medical students in our department with academic medical courses and clinical training about the diseases seen in our department.
- We are teaching interns and residents in other Internal Medicine Department all over Tunisia.
- We are teaching our specialty in Ibn Aljazzar Medicine Faculty of Sousse.

□ Supervision of Doctorate Theses and Research masters

- [Research Master on:](#) Assessing the pharmacological and therapeutic effects of eugenol in rats with acute myocardial infarction (2015).
- [Research Master on:](#) Protective effect of a new synthetic molecule of Hydrazone coumarin against the complications of acute coronary syndrome (2018).
- [A doctorate Thesis on Women's health problems especially gestational diabetes mellitus](#) is planned.

□ Activities:

- Started working in 40-bed hospital department in October 2012.
- One outpatient consulting per week.
- We are 3 Internal Medicine doctors, one Endocrinology Doctor and one Rheumatology doctor working together in the Internal Medicine Department.
- We coordinate complex diagnoses by consolidating the work of the other specialists involved.
- I contribute with my all the medical and paramedical staff to treat patients suffering from complex diseases (infectious, endocrine, inflammatory and autoimmune diseases) while consulting our colleagues specializing in these disciplines
- I am ensuring on-call service 24 hours a day, 2 days a week.
- We are managing many scientific works on inflammatory, autoimmune and endocrine diseases in the region of Sidi Bouzid with the collaboration with Tunisian and international medical teams.
- I have an excellent experience of analyzing and presenting quantitative data
- I participate actively in Medical Courses in our department on Tuesday.
- I have participated in multiple national and international congresses since 2008 till now.
- I had attended a Nailfold Capillaroscopy training during September 2013 in Internal Medicine Department of Claude Huriez Hospital (Reference Center for Autoimmune and Systemic disease), University Hospital of Lille, France. It permits me to perform a nailfold capillaroscopy for systemic sclerosis, inflammatory myopathies and other systemic diseases patients. It is an important tool for diagnosis and prognosis factor of connective tissue diseases.
- I had attended to 4th Meeting of Lupus Academy, in Rome between 27th February and 1st March, 2015
- I am attending regularly a Continuing Medical Education, :
 - [A 2014 Update on the Management of Patients with Systemic Lupus Erythematosus](#),
 - Current Evidence Regarding the Efficacy and Safety of Existing and Emerging Biological Agents for Managing Patients with SLE,
 - Effective Management Of Psoriasis And Psoriatic Arthritis: Insights On Current Therapies
 - Pragmatic Randomized Controlled Trials in Health Careto make my clinical and research knowledge up to date.
- We are managing with imminent experts researches on metabolic and cardiovascular diseases.

- We are forming a team of clinical and research experts supervising research theses and masters for young fellows.
- We are trying to found, in collaboration with Ibn Aljazzar Faculty of Medicine of Sousse, Tunisia, a research unit about inflammatory and autoimmune diseases in the Region West Center of Tunisia.
- Our team has published many scientific and medical articles in different international journals in both French and English languages (see enclosed document).

□ Professional Memberships:

- *Associate member of Royal College of Physicians*
- International Member of British Society of Rheumatology
- International Network for Health Workforce Education
- National Medical Council of Tunisia
- Tunisian Society of Internal Medicine (Société Tunisienne de Médecine Interne STMI)
- EMEUNET – Emerging EULAR Network: Group of European League Against Rheumatism (EULAR)
- *International Myositis Assessment & Clinical Studies Group (IMACS)*
- Club du Rhumatismes et Inflammations: Working group of French Society of Rheumatology (Société Française de Rhumatologie SFR)

□ Other skills:

➤ Software:

- Good command on analyzing and presenting quantitative data (SPSS, EXCEL, PowerPoint, Word, Adobe...), computing and good knowledge on the use of different computer softwares
- Good command in reference management softwares (Mendeley, Endnote...)
- Massive Open Online Course (MOOC).

➤ *Designing, and Implementing medical courses for CPD/CME.*

➤ Teaching, Tutoring and Presenting

➤ Expertise in Medical writing, Journals editions, article review and scientific publications.

➤ Languages:

Excellent command of Arabic, French, English and good command of Italian

□ Volunteering:

- I am an active member of Tunisian Red Crescent, assuring several health campaigns for poor people in all the regions of Tunisia (screening, diagnosing and the management of diseases)
- Promote healthcare in regions where health access is hard.
- Participating in Radio and social media health education to increase the population's consciousness.
- I am an active member of Greenpeace since my primary school years. I am participating in Greenpeace campaigns.
